

Children, Parent and Community Partnerships

We are committed to ensuring that our services are appropriate and that they are delivered to the highest possible standard. This is possible through conversations with you, the children and our local community.

Advisory Board

Our Advisory Board provides the opportunity for parents, carers and service providers to come together to discuss and evaluate our progress as a centre. Understanding your experiences will help us to improve our existing services and influence our future plans. We therefore value the comments and feedback from everyone who uses the centre and actively encourage ways in which this can happen. Speak to a member of staff should you consider becoming a member of our Advisory Board.

The Voice of the Children

During crèche and play sessions (and after school club) we capture children's voice, finding out what they like, don't like and what they would enjoy doing, this valuable information feeds into future provision for them.

If your child tells you about any aspect of their time in the children centre, please share with the team and help us improve our provision for our most important users.

Your views count

Use our suggestion box, evaluation forms, speak to a member of staff or Children's Centre Strategic Partnership Manager directly if you would like to make a suggestion, offer feedback.

We take complaints seriously

If you are unhappy or have a complaint or query about any aspect of our services please speak to Manager. For more information about the please call or email

We look forward to you dropping in to our centre and engaging in some of the great services and activities we have on offer.

Androulla Charalambous

Children's Centre Strategic Partnership Manager
