- Relationships – Feelings and emotions
- Living in the Wider world – Rights and Responsibilities.

SCIENCE

Opposites Attract Forces and Magnets

They will learn about forces in the context of pushing and pulling, and will identify different actions as pushes or pulls.

The children will work scientifically and collaboratively to investigate friction, by exploring the movement of a toy car over different surfaces. They will work in a hands on way to identify magnetic materials.

Furthermore, they will conduct an investigation into the strength of different types of magnet.

Year 3 Curriculum Plan

Spring Term

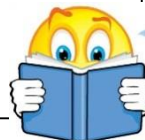

Theme: Survival

ENGLISH

POWER OF READING – Ice Palace

Our literacy will be based on Ice Palace by Robert Swindells.

The story is set in a snowy landscape and depicts a journey of the main character Ivan. We will use the text, drama and images to extend our vocabulary and understanding of the emotions felt by the characters at different points.

MATHS

Multiplication and Division

Throughout the term, children will be given problem solving activities and investigations to enable them to apply their learning and develop reasoning skills.

PHYSICAL EDUCATION

- Gymnastics and Basketball

ART / DT PAINTING
