

ST STEPHEN'S C of E PRIMARY SCHOOL AND CHILDREN CENTRE COLLECTIVE WORSHIP IN CHURCH OF ENGLAND SCHOOLS

Southwark Diocesan Board of Education

The daily act of Collective Worship is a legal requirement in all schools. In a Church of England School it should always be Christian worship and it should reflect the traditions of the Church of England, developing learners' understanding of Anglican traditions and practice. Collective Worship needs to make a major contribution to upholding the religious character and Christian distinctiveness of a church school and ensuring that it is understood and owned by all pupils, staff and governors. The importance of worship therefore should be central to the life of the school.

Collective Worship should be of the highest quality, engaging participants and it should aim to inspire pupils and staff, enabling spiritual growth. It should provide opportunity for everyone in the school to participate; this includes the chance for pupils to lead worship.

There need to be opportunities to:

- pray and express praise and thanksgiving to God;
- reflect on the attributes of God;
- reflect on the teachings of Christ;
- affirm Christian values and attitudes;
- foster respect and unity;
- share each other's joys and challenges;
- celebrate special times in the Christian Calendar;
- deepen spiritual awareness and reflection.

There should be a partnership with the Incumbent/School Chaplain in developing and leading the school's programme of Collective Worship and use made of the school parish church for some worship.

Collective Worship should have an effect upon the thinking and day-to-day actions of the whole school community outside of the act of Collective Worship itself, impacting upon school life and on the daily lives of the members of the school community outside school. For Collective Worship to be outstanding there should be a clear structure which includes creative and thorough planning and a formal system of evaluation. For this reason it is recommended a Faith Group, involving a wide variety of stakeholders, meets periodically to monitor Collective Worship policy and practice, listening to pupils' views and ideas.

For Collective Worship to be truly effective and make a complete contribution to the Christian distinctiveness of the school, it is desirable that the whole school community should be included. In particular, no pupils should be excluded as experiencing daily Collective Worship is their entitlement and an important aspect of being part of a church school.

It is expected that by working in a church school, the staff share the vision and distinctive Christian ethos of the school and readily participate in Collective Worship. Although legally parents have the option of withdrawing their children from Collective Worship, it is expected that by applying to a church school, parents understand the school's distinctive Christian character and recognise that Collective Worship is central to the life of the school, therefore not feeling it necessary to withdraw their child. For these reasons it is vital that the aims of Collective Worship are properly understood by the whole school community and that although the Collective Worship is clearly of a Christian nature, it is inclusive and affirming and therefore seen as non-threatening and relevant for all pupils in our diocesan church schools.
