

Autumn Curriculum theme project

Where are you from?

Over half term, can you create an exciting project to represent the place that you or your family come from?

Some ideas include: a map to show where your family are from, you could create **a poster to** represent your country, or an **A-Z of special items** from a certain country. Could you make your **work 3D?**

Please bring your exciting projects back to school during the first week of term (Monday 30th October)

Certificates for the best entries will be handed out in an assembly when we are back in November!
